

CHARLIE CRIST  
GOVERNOR

*Better Health Care for all Floridians*

HOLLY BENSON  
SECRETARY

May 6, 2009

To Whom It May Concern:

The State of Florida, through the Florida Agency for Health Care Administration, has utilized the services provided by Envision Pharmaceutical Services, Inc. since January 2008 in developing and launching the Florida Discount Drug Card Program. This program, developed and administered by Envision, provides discounts on prescription medications to qualifying citizens of Florida at over 2800 pharmacies throughout the state.

Envision created and maintains the program website, and we have found its staff to be professional and timely in providing support for the program. To date the program has enrolled over 80,000 cardholders and, with no funds provided to Envision from the state, has saved Floridians with the most need over \$2.5 million over what they would have otherwise paid.

It has been a pleasure working with Envision and we are pleased to submit this summary of the professional relationship between Envision and the Florida Agency for Health Care Administration. Please feel free to call me at (850) 922-3809 if you have any questions or if I can add anything further.

Sincerely,

Holly Benson  
Secretary

HB/cls
